1	litigation, I understand?	1	Q Is that how it works, it will be posted
2	A Yes.	2	internally?
3	Q All right. So you know a little bit about how	3	A Yes.
4	this process works?	4	Q And then other people throughout the state who
5	A (The witness nodded affirmatively)	5	work with the DRC can a apply, as well; is that
6	Q Okay?	6	right?
7	A Yes, I do.	7	A Yes. That's true.
8	Q And you know one of the rules is you need to	8	Q Any idea when it's going to be posted?
9	use words.	9	A No, sir.
10	A Not shake your head, huh?	10	Q But it is your understanding at some point it

13	A Okay.	13	Q And you are hoping that you will be successful

16	A Okay.	16	Q How long have you been here working at this
17 18	Q Have you done anything today to prepare to	17	particular prison at Lucasville?
19	testify? A No.	18 19	A 21 years.Q And you're a Registered Nurse; is that correct?
20	Q Did you review any documents?	20	A Correct.
21	A No.	21	Q You have an Associate's Degree in Nursing?
22	Q Did you meet with anyone?	22	A Yes.
23	A Did I what now?	23	Q Any nursing experience before coming here?

25	A No.	25	Q And I imagine you have testified about that at
	Page 7		Page 9
1	Q Did you discuss your testimony with anybody	1	your last deposition, I would imagine, didn't
2	before today?	2	you?
3	A No.	3	A I don't remember.
4	Q Okay. I'm curious, how long have you been the	4	Q You don't remember?
5	Acting Healthcare Administrator?	5	A There was
6	A Since August the 1st of this year.	6	Q Have you worked at any other prisons besides
7	Q '09. And you replaced somebody; is that right?	7	this one?
8	A Yes.	8	A No.
9	Q And who did you replace?	9	Q As the HCA, or the Acting HCA, is it your
10	A Rhonda Stalnaker.	10	responsibility to oversee the medical
11	Q Okay. And she retired; is that right?	11	department?
12	A No. She quit.	12	A Yes.
13 14	Q She quit? A Yes.	13 14	Q And how many people do you oversee?A How many different staff members?
15	Q Did her decision to quit have anything to do	15	Q Let's start with that.
16	with the executions?	16	A Is that what you are asking?
17	A Not that I know of.	17	Q Yes.
18	Q And at that point you became the active HCA; is	18	A I think we have like 12 RNs, five LPNs, a
19	that what you call it?	19	phlebotomist, a diet tech, a pharmacy tech.
20	A Correct.	20	There's three HITs.
21	Q And do you have any ambition to be the	21	Q What does that stand for?
22	full-time HCA some day? Is that your hope or	22	A Health Info Techs.
23	desire?	23	Q Okay. Anything else that you can think of?
24	A I am going to apply for the position when it	24	A Excuse me?
25	gets posted, yes.	25	Q Is that about it, or is there anything else?

	Page 10		Page 12
1	A Yes, other than the contract people that we	1	Q And when you say point-five, that's 50 percent,
2	have.	2	or half?
3	Q And how many contract people do you have?	3	A Yes.
4	A We have one podiatrist and one optometrist, one	4	Q A half-time physician?
5	x-ray tech, we have one full-time physician and	5	A Yes.
6	at times we have a part-time physician for a	6	Q So did you say you are allotted 1.5 physicians?
7	physician. I think I said that right.	7	A Yes. But that's the full-time physician, and
8	And in the dental there is one full-time	8	the point-five is what Dr. Bautista works like
9	dentist that will start Monday full-time.	9	every other week.
10	Other than that, we have had part-time. And	10	Q And how long has Dr. Bautista worked every
11	there is three other one dental hygienist	11	other week?
12	and two dental, like, assistants.	12	A I am thinking that she came like in July and
13	Q Okay. And those positions that you just	13	August, but she just works the part-time, so I
14	identified, those are all contract based?	14	think it was like the end of July. And I don't
15	A Yes.	15	have the exact dates, to be truthful. I don't
16	Q All right. Those people would not technically	16	have the exact dates of knowing, but that's the
17	be employees of the State or the prison; is	17	time frame that she was here before.
18	that right?	18	Q We had her here yesterday. She testified
19	A That's correct.	19	she said she thought that she's been here about
20	Q Okay. The full-time position; is that Dr.	20	a year. Is that
21	Morford?	21	A She has been here off and on. She has worked
22	A Yes.	22	here before. Like, when we've needed her, she
23	Q And how long has she been a full-time doc here?	23	has come in. And then she has worked at other
24	A I want to say March or April.	24	institutions and then she comes back to us when
25	Q Of?	25	the need is, so she is not always here.
	Page 11		Page 13
1	A Of '09. But I'm not exactly sure on that date.	1	Q I understand. Does the "about a year," is that
2	Q And is she on some kind of a contract basis?	2	about right to you, or not?
3	A Yes.	3	A I guess that maybe, before, she was here last
4	Q With the State, that you know?	4	year, but I don't know the dates or anything
5	A Yes.	5	like that.
6	Q Do you are you involved in hiring her or	6	Q What is her schedule, do you know? Right now.
7	selecting her?	7	Today.
8	A No.	8	A Right now, she works four 10-hour shifts and
9	Q So she is selected by other people?	9	she's here every other week.
10	A Yes.	10	Q Okay. And that goes back that type of
11	Q Somebody in central office, is that how that it	11	schedule goes back to you're thinking at least
12	works?	12	July; is that right?
13	A Yes.	13	A Yes.
14	Q And then you are just informed that this is	14	Q And we're now in, what, October; correct?
15	going to be the new doc at Lucasville?	15	A Yes.
16	A Correct. O There's also you said a part time physician?	16	Q So the last three or four months, anyway?
17	Q There's also, you said, a part-time physician?	17	A Yes.
18 19	A Well, we are allowed one-point allotted 1.5	18 19	Q Okay. Were you involved in selecting her or hiring her?
20	physicians, but we don't have a full-time point-five doctor. We have another doctor that	20	A No.
21	comes in maybe every other week, but that's	21	Q Do you know who does that?
22	just periodically. That's not something that's	22	A It is in Columbus.
23	basically all the time.	23	Q All right. So as to who her contract is with
24	Q Okay. And is that Dr. Bautista?	24	or any of that, do you know any of those
25	A Correct. She had been the point-five.	25	details?
23	11 Correct one had been the politimive.	123	uctano:

	Page 14			Page 16
1	A I don't. I believe the name of the company	1	O	So the female phlebotomist; is that correct?
2	that she works for is Jackson & Coker.	2	_	Yes.
3	Q Jackson & Coker. And what is that?	3	Q	She is somebody that actually works for you; is
4	A That's just a company's name, and I think that	4	_	hat correct?
5	I'm pronouncing that correctly.	5	\mathbf{A}	Yes.
6	Q And you know that, why? Is that because that's	6	Q	I gotcha. So she accompanied you that morning
7	who the checks are made out to? Or how do you	7	V	with the medications?
8	know that?	8	A	Yes.
9	A Well, because we have the contract paper that	9	Q	Tell me what you did. You have the
10	comes in that says that.	10	r	medications. You are walking across the yard.
11	Q Okay. All right. And so as the Acting HCA,	11	1	Where do you go?
12	are you then the supervisor of all of the	12	A	We go in the back of J-1.
13	people that work in the medical department?	13	Q	Okay.
14	A Yes.	14	\mathbf{A}	And just go up in the gate and up the steps
15	Q And does that include these contract	15	t	there to where they have the medications, where
16	physicians?	16	t	the like, I guess you can call it in the
17	A Yes.	17	ŀ	back of J-1, where the Death House is.
18	Q And these contract dentists and the like?	18	Q	All right. Do you actually have you heard
19	A I didn't hear you?	19	ť	he term "equipment room"?
20	Q The contract dentists and the like?	20	A	I don't know if I have heard it called that or
21	A Yes.	21	r	not.
22	Q All right. I gotcha. So Dr. Bautista then	22	Q	There is a room where the medications for the
23	reports to you here at the prison?	23	e	executions are actually administered from. In
24	A Yes.	24	C	other words, where the guy that pushes the
25	Q You were present for the Broom attempted	25	C	drugs sits and administers the drugs during the
	Page 15			Page 17
1	execution on September 15; is that correct?	1	ϵ	execution?
2	A Yes.	2	A	Okay.
3	Q And, if you could, just tell me what your role	3	Q	That room is called the equipment room.
4	is, or was, on that day?	4	A	Okay.
5	A My role is just to carry the deliver the	5	Q	Have you ever been to that room?
6	medication to J-1.	6	A	Yes.
7	Q Okay. And J-1 is that area right off the Death	7	Q	Did you go to that room that day?
8	House where the team congregates from time to	8	A	Yes.
9	time during the	9	Q	Is that what you are referring to as J-1?
10	A Yes. It's in that area there.	10	A	Well, J-1 is like the whole area right there.
11	Q All right. And what time of day did you do	11	_	Okay.
12	that on the 15th of September?	12		And then the where the cells are in J-1,
13	A I am thinking it was a little before or after	13		where the inmates are normally, and then back
14	8 AM.	14		behind that is like the Death House. I didn't
15	Q Okay. And do you do that alone or how does	15		know what the rooms maybe were all called.
16	that work?	16		All right. Fair enough. But you actually went
17	A This time another person walked across the yard	17		into the Death House then?
18	with me when I did that.	18		Yes.
19	Q And who was that? You don't have to give me a	19	_	With the medication?
20	name. Was it another nurse or somebody that	20		Yes.
21	works for you or somebody on the team?	21		And then went into that room called the
22	A It was a team.	22		equipment room?
23	Q Was it the phlebotomist?	23		Yes.
24	(Attorney-witness discussion)	24		And that room has a window that you can see
25	A No. 9.	25	1	into the actual execution chamber?

	Page 18		Page 20
1	A Yes.	1	function is to bring the medication over, as
2	Q And what do you do there, or what did you do	2	you described; correct? Right?
3	there?	3	A Correct.
4	A I just watch the medication being drawn up and	4	Q Observe the mixing or the drawing of the
5	put into the syringes.	5	medicine by the team members; correct?
6	Q And who was present for that? And, well,	6	A Yes.
7	obviously no names. I want to make sure. I	7	Q And then go sit in J-1 and wait to be there in
8	know you know that. But I am just looking for	8	case there is any need for your nursing
9	the numbers. Was Team Member 9 there, the	9	assistance?
10	phlebotomist?	10	A Correct.
11	A No. 17.	11	Q All right. And that's what you did the morning
12	Q Okay.	12	of Mr. Broom's execution date?
13	A And No. 21.	13	A Yes.
14	Q Okay. And was Team Member 9 there or did she	14	Q All right. And do you recall how long you
15	leave?	15	ended up sitting there in J-1? Was it hours?
16	A You know, I don't remember that, whether she	16	Because we know this execution was postponed
17	was in the room.	17	and didn't start until after noon or maybe even
18	Q Okay. Do you remember who drew up the	18	closer to one o'clock, maybe even later. How
19	medication that morning?	19	long did you sit?
20	A Yes.	20	A All day. It just seemed like all day. I don't
21	Q Which guy? Which number? 21, I think, has	21	remember the exact time. But I was there I
22	gray hair and beard. Some would say wavy hair.	22	stayed the whole time.
23	A No. 21.	23	Q At some point who were you with? Were you
24	Q Okay. So 21 drew it up?	24	there by yourself or are there other people
25	A Yes.	25	there with you?
	Page 19		Page 21
1	Q How long did that take?	1	A There is other people in that area.
2	A I do not have an exact time on that.	2	Q Are those people on the execution team or not?
3	Q Half an hour? 15 minutes? 45 maybe? Just a	3	A Not everyone, I don't believe, is on the
4	rough	4	execution team.
5	A I don't have an exact time. Maybe 15, 20	5	Q Who other who else would be there besides
6	minutes. I don't really have an exact time on	6	you and people on the execution team?
7	that. I really never, you know, never looked	7	A There was a coroner.
8	at my watch, to be truthful, and look at that.	8	Q Okay. The coroner from the county?
9	I just haven't done that.	9	A Um-hum. (Affirmative)
10	Q Okay. But your best estimate is about 15, 20	10	Q Correct?
11	minutes?	11	A And I don't know if the other people in that
12	A I will just say that because I don't have an	12	area are on the team or they are not on the
13	exact time.	13	team. And I really couldn't tell you everybody
14	Q Fair enough. What did you do next?	14	that was even back in there because I basically
15	A I left that room and I went out into J-1,	15	just sit and stayed by myself, and I don't
16 17	through the door there to J-1. Q Okay. And what did you do in J-1?	16	really talk that much to anyone. I just I
	- · ·	17	am just there.
18 19	A I just sit and I just sit there and wait. Q Wait for what?	18	Q Do you have a book? Are you reading a book? I
20	A Whatever they need. If anybody needs anything	19 20	mean, what are you doing?
21	medically, I'm there. Other than that, my role	21	A No. I will talk to people. But, no, I don't bring a book or anything like that, no.
22	is I just sat there and waited until they	22	Q Okay. But, I mean, because it sounds like you
23	needed anything.	23	are in for a long wait.
24	Q I gotcha. So on a day when there is an	24	A Yes.
25	execution going on here, I take it your typical	25	Q So you come, you sit down and you just wait?
23	enceation going on here, I take it your typicar	123	2 50 you come, you sit down and you just wait!

	Page 22		Page 24
1	A Yes.	1	Q When you went to sit in J-1, were you in the
2	Q At some point were you made aware that the	2	mindset that it was going to be starting at 10?
3	process was going to be delayed, in other words	3	A Well, I know around the time that it starts,
4	was not going to start around 10 o'clock, the	4	yes. But after
5	time it is typically going to start?	5	Q Because that's the time they always start?
6	A Yeah. I mean, I knew that it wasn't starting,	6	A They normally start there.
7	I don't know if anyone ever said anything, but	7	Q Exactly. So when you went into J-1 after
8	I don't know how to answer that one.	8	delivering the medicine, it was your belief
9	Q Well, I mean, how are you normally informed	9	that the process was going to start at
10	when the process starts?	10	about 10?
11	A I am not necessarily informed of that at all.	11	A Yes.
12	I mean, I am just sitting there waiting on	12	Q All right. And no one ever came to tell you or
13	someone to if they need anything. I am not	13	to tell the people in J-1, hey, we've been
14	no one comes to inform me of anything.	14	delayed, or anything like that, as far as you
15	Q I gotcha. Okay. So as to when the process is	15	recall?
16	going to start, no one sort of let's you guys	16	A They might have later, but I don't know if it
17	in the J-1 area know, hey, we're about to	17	was right around the 10 o'clock, or I don't
18	start?	18	know what time. I mean, somebody might have
19	A No, no one said anything.	19	said that but I can't remember the words or
20	Q I know there is a monitor or a camera in the	20	anything, or the time.
21	inmate's holding cell. Are you aware of that?	21	Q Okay.
22	A Yes.	22	A I mean, I don't remember that.
23	Q That there is a camera above the bed?	23	Q Do you remember anything about I am just
24	A Yes.	24	trying to get what happened. What is the first
25	Q It broadcasts a closed circuit image to TV	25	thing that happened that let's you believe that
	Page 23		Page 25
1	screens in various rooms in the prison;	1	the process had started?
2	correct?	2	A That I believe when the process was going to
3	A Yes.	3	start.
4	Q Is there a TV screen there in J-1?	4	Q Or that it had already or that it actually
5	A Yes, there is, in that equipment room.	5	started. What was the first thing that
6	Q Okay. Well, in the equipment room, right,	6	happened?
7	where the drugs are	7	A I don't know maybe I don't know what you
8	A Right. But not in the separate J-1, no. Not	8	mean.
9	in J-1.	9	Q Okay.
10	Q Not in J-1. So when you are sitting and	10	A I was just
11	waiting, you and the coroner and other people,	11	Q You are sitting there in J-1, right?
12	there is no TV screen there that you can watch?	12	A (The witness nodded affirmatively.)
13	A No. No, there is not.	13	Q Waiting for the execution to start and to be
14	Q Okay. Good enough. Okay. So at some point	14	called if you are needed, right?
15	what was the first thing that happened while	15	A Yes.
16	you were in J-1 associated with the execution	16	Q That's your role?
17	that you can remember?	17	A If there is anybody that needs anything
18	A The first thing I remember about	18	medically, yes.
19	Q I mean, you were there it was supposed to	19	Q All right. Did any did anybody come to you
20	start at 10, right?	20	at any point in time while you were in J-1 and
21	A (The witness nodded affirmatively.)	21	say, hey, we need you?
22	Q It didn't start at 10, correct?	22	A Said they need me?
23	A I don't know if it did or not. I was back in	23	Q Yes.
24	J-1, where I wasn't in this area here.	24	A Yes.
25	(Indicating)	25	Q Who?

	Page 26		Page 28
1	A Warden Kerns.	1	the exact words, but that's what he said. The
2	Q Did he come over personally?	2	only thing he said was for someone to come over
3	A Yeah. He yes.	3	to see if just to look to see if there was a
4	Q And approximately what time of day was that?	4	vein there that could be used.
5	A I truly don't know. That was a very, very long	5	Q Did he tell you why he wanted you to do this?
6	day, and I don't know the time.	6	A Well, I assumed that they couldn't, you know
7	Q Okay. Was it before noon or after noon?	7	that somebody else couldn't do it. But, you
8	A I don't know. I truly don't know.	8	know, that is just me, you know.
9	Q But he came over to J-1, correct, the Warden?	9	Q Right. And I understand, and I want to ask you
10	A Correct.	10	a different question. You may have had an
11	Q By himself?	11	assumption as to why he was asking. My
12	A I believe so.	12	question, though, is did he tell you why he was
13	Q And he found you, correct?	13	making that request? Did he say, "Rosie," or
14	A Yes.	14	"Nurse," or "Miss Clagg, here is why I need
15	Q And he had a conversation?	15	this," anything like that?
16	A Yes.	16	A I don't remember him saying that.
17	Q What did he say?	17	Q Okay. So you don't have any recollection of
18	A He asked me if I would call and ask the doctor	18	the Warden giving you any explanation as to why
19	if they would come and maybe just look and see	19	he was asking you to call the doctor?
20	if there was maybe a suitable vein, not to do	20	A I cannot recall the words he used on that, no.
21	anything else other than just to look to see,	21	Q In your mind, at least whether he said it or
22	maybe to assess the veins. It's not something	22	not, but at least in your mind you were
23	that they had to do, but just ask if they would	23	thinking that they must be having problems
24	do that.	24	getting access to the veins; is that right?
25	Q So this is Warden Kerns now talking to you?	25	A Yes.
	Page 27		Page 29
1	A Yes.	1	Q Of this prisoner?
2	Q Is it just the two of you having this	$\frac{1}{2}$	A Yes.
3	discussion?	3	Q So what did you do?
4	A There was other people in J-1, but I don't I	4	A I called the infirmary and talked to
5	mean, I don't know if anyone was around when he	5	Dr. Bautista and told her his request and, you
6	said that to me, because, you know, it's a	6	know, told her that it was not something she
7	pretty big space. I don't know if anyone was	7	had to do, it was just a request. And she said
8	around when he said that.	8	that she would come over.
9	Q Okay. All right. But as you sit here right	9	Q And did you tell her that the request was
10	now, do you remember anyone else being present?	10	coming from the Warden?
11	Anyone specific that you can recall?	11	A I would have had to say that, but I can't
12	A No.	12	remember the exact words that I used to her,
13	Q So your recollection is you and Warden Kerns?	13	either.
14	A Yeah. Now, other people could have been there,	14	Q Okay. But your best recollection is that you
15	but I don't	15	would have told her that the Warden has asked
16	Q You are not remembering anyone?	16	me to called and ask you to do this?
17	A No. I couldn't tell you.	17	A Yes.
18	Q And I want you to tell me to the best you can	18	Q All right. And when you made the call, is
19	the exact word the Warden used.	19	there a phone there in J-1?
20	A He asked if I would call over and talk to the	20	A Yes.
21	doctor about coming over to assess the veins,	21	Q So you were able to just go to the phone in
22	not to do anything other than just to look to	22	that room?
23	be able to see if there was a suitable vein. I	23	A Yes.
24	mean, and I am not saying that those were the	24	Q Pick it up and dial the medical room or
25	exact words that he used because I don't know	25	whatever, correct?
			·

	Page 30		Page 32
1	A Correct.	1	A I don't think she ever had.
2	Q What is the name of the place you would have	2	Q Okay.
3	dialed?	3	A That's not an area that she goes into.
4	A I called to the doctor's office. I call the	4	Q All right. So you call over to the infirmary.
5	infirmary, and it was the doctor's office	5	Tom answered, correct?
6	number that I called.	6	A Yes.
7	Q Okay. And did you know Dr. Bautista was	7	Q You told Tom to get you Dr. Bautista?
8	working that day?	8	A Yes. I first asked for Dr. Morford because she
9	A Yes.	9	was supposed to also be in that day.
10	Q Okay. So you are probably in charge of the	10	Q Okay.
11	scheduling and all of that, I imagine?	11	A And they said that she had not showed up.
12	A I knew that she was there.	12	Q Okay.
13	Q Because this was a Tuesday, right?	13	A And then so then I asked for Dr. Bautista.
14	A Yes.	14	Q So if Dr. Morford had been there, would you
15	Q And that would have been one of the days, the	15	have asked her
16	four days during the week that she would be	16	A She probably would have been the one in that
17	working?	17	room. That was Dr. Morford's doctor's office.
18	A Yes.	18	Q I see.
19	Q All right. And it would have been during her	19	A And she would have been there, but they said
20	10-hour?	20	she didn't show up that day. She had called in
21	A Excuse me.	21	sick.
22	Q It would have been during one of her 10-hour	22	Q So if she had been there that day, would you
23	shifts?	23	have asked her to come over?
24	A Yes.	24	A Yes.
25	Q Probably even at the beginning or a little bit	25	Q I see. Okay. But Dr. Bautista was there that
	Page 31		Page 33
1	into her 10-hour shift?	1	day, correct?
2	A Yes.	2	A Correct.
3	Q All right. So when you called over there, did	3	Q So you made the request to her?
4	she answer the phone or did somebody else	4	A Yes.
5	answer the phone, or do you remember?	5	Q All right. And did Dr. Bautista say anything
6	A I think the nurse answered the phone.	6	to you on the phone?
7	Q There has been a nurse that we've talked about	7	A I don't remember the exact words that she used.
8	named Tom. Is that the nurse that answered.	8	She said she would come over, but I don't
9	A He was, yes, working with her that day, yes.	9	remember the exact words that she used.
10	Q Okay. And then, do you recall if you said	10	Q Did you tell her, that, you know, that the
11	anything to the nurse?	11	reason that you were asking her to come over
12	A The only thing I said to him was that I needed	12	was because there was an execution in process
13	to talk to Dr. Bautista.	13	and they were having problems getting the
14	Q Okay. Did you say anything else to him?	14	veins?
15	A No.	15	A I just asked her if she would come over and
16	Q Did you ask him to bring her over or tell her	16	look to see if there was a suitable vein, that
17	that you were going to need him to bring her	17	she didn't have to do anything other than just
18	over, anything like that?	18	to look.
19	A I don't think I told him, but I told her that,	19	Q Did you actually say those things to her?
20	you know, that if she that Tom would bring	20	A Yes, but I don't know the exact terminology. I
21 22	her over, because she didn't know where it was,	21 22	don't know the exact sentence I said that in, but that was what I said to her.
23	I am sure. She is not that familiar with the institution.	23	Q Are you sure you told her that she didn't have
24	Q Do you know if she had ever been to the Death	24	to come over and do anything other than look?
25	House?	25	A That's correct. I did say that.
23	HOUSE:	123	11 mai 5 con cel a ulu say mal

	Page 34		Page 36
1	Q But you did want her to come and look?	1	Q It took her that long to get there?
2	A I asked her if she would do that.	2	A I did not time her, but she had to come through
3	Q Okay.	3	the back of J-Block and come through a door,
4	A And I told her that, you know, it's not	4	and it took a while to get that door opened.
5	something you have to do. It's just, you know,	5	Q Okay. So you think it was about 10 or 15
6	that is just a request.	6	minutes? I mean, I am asking your best
7	Q Okay. A request by the Warden?	7	recollection?
8	A Yes.	8	A Yeah. It was about that.
9	Q All right. And she I guess my question,	9	Q So where did she come?
10	though, is putting aside all of the various,	10	A When she came into the J-Block area, do you
11	you know, the specific words you might have	11	mean?
12	used, but did you tell her at all during this	12	Q I don't really mean anything. I just mean,
13	conversation that the reason that you were	13	where did she come? Where did you meet her?
14	asking her to come over was because there was	14	A I met her at the door of J-Block.
15	an execution in process?	15	Q Okay.
16	A I don't think I used those words.	16	A Now, this is like where the other cells are up
17	Q Do you think that she even knew that there was	17	there.
18	an execution going on, or that this was for an	18	Q Okay.
19	execution?	19	A Not like where I come in on the other side.
20	A Yes.	20	Q I see.
21	Q You think she knew that?	21	A She came like through the institution, maybe,
22	A Because on an execution day people have to park	22	through the institution to J-Block and through
23	in the back.	23	a door back there.
24	Q Okay.	24	Q All right. So she didn't have to go outside?
25	A And she has to go to the back and walk through	25	A She did not come across the yard, correct.
	Page 35		Page 37
1	to get back up to the infirmary.	1	Q So she come back in. Was she accompanied by
2	Q Okay. So it's generally known here when there	2	anybody?
3	is an execution that people are going to have	3	A Tom had brought her over.
4	to park in the back?	4	Q And did Tom stay with her or leave?
5	A On the execution day, yes.	5	A No, he did not.
6	Q So the employees all know when there is an	6	Q So he left?
7	execution day?	7	A He left.
8	A Yes. There's signs posted and, you know she	8	Q And so you let her through the door; is that
9	comes in, you know, she might not know it. If	9	correct?
10	she wasn't there the week before, and she	10	A I was there when the door opened, yes.
11	wouldn't have been, to the signs that are	11	Q All right. And you greeted her?
12	posted where to park, when she came, you know,	12	A Yes. I took her in.
13	they would direct her around to the back.	13	Q And what did you tell her at that point, if
14	Q And that would have happened on that Tuesday	14	anything?
15	morning?	15	A Basically the same thing I had said on the
16	A Yes.	16	phone, you know. She just said, like, she was
17	Q Okay. So what happened next? You told her	17	scared because, you know, the whole just the
18	you relayed her the message, asked her to come	18	whole process stuff, and she just basically
19	over, the Warden wanted her to come and do	19	said that she was scared.
20	this. Right?	20	Q Okay.
21	A Yes.	21	A And I told her that, you know, that I would be
22	Q And did she come over?	22	with her and, you know, that they had just
23	A Yes, she did.	23	wanted her to look. She didn't really have to
24	Q And how long after your call?	24	do anything other than just to look. So I
25	A 10, 15 minutes.	25	tried to say those things to her, basically
	<i>,</i>	_	, , , ,

	Page 38			Page 40
1	what I had said to her on the phone.	1	A	No.
2	Q Just were just trying to make her feel	2		And so that door is kept open on these
3	comfortable?	3		execution days?
4	A Yes.	4		I don't know that.
5	Q Make her feel at ease?	5		But it was open then when you got there?
6	A Yes.	6		I don't know when we walked up there if
7	Q Get her out of her fear?	7		somebody opened that door
8	A Yes.	8		Okay.
9	Q Okay. And so what happened next. Did you walk	9	_	or whether it was open.
10	with her, then, to the execution house, the	10		But it was open. You went through it?
11	Death House?	11		Yes.
12	A Yes.	12		And then immediately in front of you would be
13	Q And into the actual area where the equipment	13		the holding cell where Mr. Broom was?
14	room is?	14		Correct.
15	A Yes.	15		A few feet away, correct?
16	Q And then down the haul to where the cell, the	16		Excuse me?
17	holding cell is?	17		A few feet away?
18	A Yes.	18	_	Yes.
19	Q Okay. So did you go with her the entire way?	19		So you waited out there inside that door,
20	A Yes, I did.	20		correct
21	Q Okay. And then and tell me what happened.	21	Α	Yes.
22	A I basically stayed I stepped right here in	22		as you've described?
23	this doorway here. (Indicating) Like when you	23		Yes.
24	come through J-1's door and you turn to the	24		And what did Dr. Bautista do?
25	right	25	_	She basically just stood there for, you know
	Page 39			Page 41
1	Q Right.	1		basically just looking for a while. She just
2	A I just stayed like in that area right there.	2		kind of stood back and, you know, she kind of
3	Q There is a door you have to go through to get	3		like was just looking back from a distance.
4	to the holding cell; is that correct?	4		Okay. Did anyone say anything to her?
5	A Yes, and I was just basically standing right	5		Not that I recall.
6	there.	6		Was the Warden in the vicinity at this time?
7	Q On which side of the door? The closer to the	7	_	I don't think so. But I don't know if anyone
8	holding cell or closer to the equipment room?	8		was like behind me or anything like that, I
9	A The holding cell. I was like had stepped	9		mean.
10	like inside that door right there. (Indicating)	10		Okay.
11	Q I gotcha. And that door is kept open during	11	_	But he wasn't in this little area here.
12	this process; is that right? That door is a	12		(Indicating)
13	swinging door, or is it one of those doors that	13		You are talking about the area in front
14	goes, you know, back and forth on hinges? Do	14		Like right inside of the door.
15	you know what I mean?	15		In that front area of the holding cell?
16	A Opens this way, do you mean? (Indicating)	16	_	Yes.
17	Q Something like this kind of a door?	17	Q	Okay. Who was in that area, if you can
18	(Indicating)	18		remember?
19	A Yes.	19		Mr. Voorhies was standing there.
20	Q So it's a door that you just open like a	20	Q	Okay. Any other was there any other
21	regular door?	21		leaders. Like Director Collins, was he there?
22	A Yes.	22		No, I don't think I think it was just
23	Q It is not like a cell door in any way?	23		Mr. Voorhies standing there
24	A No.	24		Mr. Voorhies. What about the Team Leader, the
25	Q No?	25		Major, was he there?

	Page 42		Page 44
1	A He was in the cell.	1	opened it?
2	Q So he was inside the holding cell with	2	A I did not open it, I know that.
3	Mr. Broom; correct?	3	Q But it was open? Somehow it got open?
4	A Yes.	4	A Yes. I don't know if there was someone there
5	Q And you could see into the holding cell,	5	with a key that let us through or, you know,
6	couldn't you, from where you were? Or not?	6	but I know I did not open that door.
7	A I couldn't see a lot because it was just the	7	Q Okay. And then you went into this area right
8	doorway, and then there is that wall and then a	8	here? (Indicating)
9	window.	9	A Yes.
10	Q Okay.	10	
11		11	Q And the holding cell is right in front of you, correct?
12	A You can just basically see like the people		
	here, and I really couldn't tell you other than	12	A Correct.
13	the Major who even was in that room.	13	Q And you stood around here, and you say it was
14	Q Okay.	14	basically right about here; is that correct?
15	A And then there was, you know, people around	15	(Indicating)
16	him, and I really I mean, I really didn't	16	A No. It was about here. (Indicating)
17	have a clear shot of, you know I didn't see	17	Q I gotcha.
18	a lot of stuff in the room other than just	18	A Like, when you walk in the door, it is more to
19	where I was standing. And I was kind of	19	the left.
20	standing like back the doorway was here. I	20	Q I see. So once you walk in the door, you would
21	was just kind of standing like here.	21	be standing to the immediate left?
22	(Indicating) Because I had stepped in and, you	22	A Yes.
23	know, it was like she was right here, so I was	23	Q All right, So right about and we could make
24	to the side, but	24	a mark on the exhibit, but why don't we use
25	MR. BOHNERT: Do you want to	25	this just use this as mark it as an
	Page 43		Page 45
1	use Chuck, do you mind showing the witness	1	exhibit, and I will mark why don't you mark
2	Exhibit 40?	2	approximately where you think you were? Just
3	MR. WILLE: I will do that.	3	put "RC", your initials?
4	MR. BOHNERT: Exhibit 40 is a	4	A (Witness complied)
5	layout of the actual death chamber, as we	5	Q Now, that's the holding cell?
6	called it. As I understand it	6	A No. That's the holding cell. It's back here.
7	Do you mind if I approach the witness,	7	(Indicating)
8	Chuck?	8	Q Going through here and going through this door?
9	MR. WILLE: No, go ahead.	9	(Indicating)
10	Q (By Mr. Sweeney) As I understand it, Nurse	10	A (Witness indicated)
11	Clagg, what you did that day is come through	11	Q Okay. And so that's where you were standing.
12	this area here, through this front door here	12	And where did the doctor go?
13	right above the word "hallway"; correct?	13	A To into this area here. She was standing
14	(Indicating)	14	like right here. (Indicating)
15	A Yes.	15	Q Why don't you put "CB" there for Carmelita
16	Q And you made a right, correct?	16	Bautista.
17	A Yes.	17	A (Witness complied)
18	Q And went through this door that I am pointing	18	Q Where did you see Mr. Voorhies?
19	to, correct? (Indicating)	19	A I think when I very first walked in here, he
20	A Yes.	20	was standing like over here. (Indicating)
21	Q The first door on the right as you enter, as	21	Q Okay.
22	_ ·	22	A And then, you know, like I didn't stand in that
23	you the first door after you make a right	23	
	from that hallway?	24	one spot the whole time. I kind of like maybe moved a little bit. But then he like was over
24	A Correct.		
25	Q All right. And that door was open or you	25	here, and we was just like in this area here.

	Page 46		Page 48
1	(Indicating)	1	EXHIBIT NO. 85 WAS MARKED
2	Q Why don't you just put "EV" then where you	2	
3	think he was?	3	Q (By Mr. Sweeney) I am handing you what has
4	A Where he was to begin with or	4	been marked, Ms. Clagg, as Exhibit 85. Is this
5	Q Well, it doesn't really matter, but where he	5	your notes as to essentially who you recall
6	was after you got there and got yourself	6	being positioned where on that date,
7	stationed.	7	September 15, '09?
8	A (Witness complied.) I mean, like, he was right	8	A Correct.
9	here he was like here and then, you know, we	9	Q So the blue pen marks let's just get rid of
10	were just kind of like standing here.	10	this, cross that out because you didn't make
11	(Indicating)	11	that. But the three blue initials are the
12	Q Okay.	12	initials that you made here on this document;
13	A And he was he had walked over there.	13	is that correct?
14	(Indicating)	14	A Yes.
15	Q So he was to your left sometimes and to your	15	Q All right. Fair enough. Okay. So did you see
16	right sometimes?	16	well, what happened then? So Dr. Bautista
17	A Yeah. I mean, he just it is hard for me to	17	goes up to the cell door. Did she go into the
18	know the exact yeah, I mean, that was the	18	cell?
19	area that I was in. I didn't go anywhere else.	19	A In the beginning she just stood like outside of
20	Q Anybody else in this vicinity, in the hallway	20	there
21	in front of the holding cell, that you can	21	Q Okay.
22	recall, other than yourself, Mr. Voorhies and	22	A and was looking.
23	Dr. Bautista?	23	Q And how long did that last? How long was she
24	A That's correct.	24	standing there? Like a minute? Five minutes?
25	Q And the Warden, you don't recall seeing him in	25	A Not very long at all. I mean, I don't know.
	Page 47		Page 49
1	that area?	1	I mean, it wasn't very long to begin I mean,
2	A No.	2	I don't know how long it was. A minute? I
3	Q And you don't recall seeing the Director; is	3	can't say the exact time.
4	that correct?	4	Q Maybe a minute, maybe more?
5	A No.	5	A Maybe less.
6	Q Did you see the inmate? Mr. Broom?	6	Q Maybe less. Okay. What was she doing while
7	A I could see in, like he was sitting up on the	7	she was
8	side of the bed or on like the side.	8	A She was just looking. She was standing outside
9 10	Q Okay.	9	<pre>and just looking. Q Okay. And then what happened?</pre>
11	A And I could just like see in through that window a little bit.	11	A And then like they she must have walked in a
12	Q So were his feet facing the door then?	12	little bit further into the cell because
13	A Yes.	13	when I looked again and I wasn't staring at
14	Q And his head was his face was facing the	14	them the whole time. But when I looked again,
15	door, the door to the holding cell?	15	she had like, she was sitting on a little
16	A Yeah. Basically that area there.	16	stool because it was hard for her it must
17	Q I gotcha.	17	have been hard for her to get down and look.
18	MR. SWEENEY: Okay. Could we	18	Q Okay.
19	please mark this, then? This would be Exhibit	19	A So she did, and she got a little stool and was
20	85.	20	sitting on it. And I could just see the back
21	MR. WILLE: Well, this is	21	of her, and as far as I know she was just
22	it's already 40, but you're saying to mark	22	looking, you know, but she did sit on a stool.
23	it again?	23	Q Did you observe where she was looking?
24	MR. SWEENEY: Yes.	24	A Did I observe where she was
25		25	Q Yeah. What was she looking at?

	Page 50		Page 52
1	A I think she was looking at his foot. I could	1	A Are you talking about the
2	not see his foot. I mean, but he was sitting	$\frac{1}{2}$	Q The Major.
3	on the bed and, you know	$\frac{2}{3}$	A He was standing like here, at the by the
4	Q Okay.	4	front of the bed there. (Indicating)
5	A And she was like on the stool.	5	Q At the end of the bed where the feet would be
6	Q I see.	6	if he was laying normally, so to speak?
7	A But so I assumed it was his leg. But from	7	A No, like the head of the bed.
8	where I was standing, I could not see the leg,	8	Q The head of the bed where his head would be if
9	but that's what	9	he was laying down?
10	Q Okay.	10	A Correct.
11	A She had I basically could see her back.	11	Q So he would have been on your right?
12	Q All right. So you concluded that the doctor	12	A That's correct?
13	was looking at Mr. Broom's leg or foot?	13	Q And on Mr. Broom's left?
14	A Yes.	14	A Correct.
15	Q Was anyone else around her, helping her,	15	Q Okay. Fair enough. Do you know okay.
16	assisting her, or was she doing this by	16	So you observed the doctor on the stool.
17	herself?	17	Could you see anything at all as to what she
18	A There was other people in the room, but there	18	was doing?
19	was that wall, and I could not see if anyone	19	A Not in the beginning, when she first sat down
20	was like down there.	20	there. I mean, the only thing, I knew that she
21	Q Okay.	21	was like looking at the veins or whatever.
22	A I mean, like there was you know, like the	22	Q Okay. And then what happened?
23	Major was standing here, someone was standing	23	A And then I don't know if I kind of like stepped
24	here. (Indicating) But the people, if they	24	over a step or what, but then when I looked she
25	were down here, I really didn't see because of	25	did have a needle in her hand.
	Page 51		Page 53

2	doing anything. (Indicating)	2	A I did not see I mean, it was like in her
3	Q Did you see the phlebotomist in there at all?	3	hand. I did not see that she did any insertion
4	A I don't know what the number was.	4	or anything.
5	Q That's No. 9, the female phlebotomist that	5	Q Um-hum. (Affirmative)
6	works for you.	6	A But she did have that.
7	A Yes.	7	Q In which hand did she have that, if you recall?
8	Q And where did you see her? Where was she	8	Her left hand or her right hand?
9	positioned?	9	A It would be her right.
10	A And I think that she was like standing here.	10	Q Her right?
11	(Indicating)	11	A You know, because when I was standing, it would
12	Q When you say "here," why don't you say like	12	be her right.
13	A Okay. Standing	13	Q At this point, had you moved from the location
14	Q To Mr. Broom's left or right?	14	to pick
15	A It would be to his right.	15	A I think I might have stepped over. I mean, I
16	Q To your left, as you look at?	16	didn't stand in one spot. I mean, I was just
17	A Correct.	17	kind of like I was just like right here.
18	Q Was she to the left of the doctor or to the	18	(Indicating)
19	right of the doctor?	19	Q And that would be, what, a little bit closer to
20	A She was to the left of the doctor.	20	the cell?
21	Q So as you look at it, she was standing to the	21	A I didn't get closer to the cell. I just like
22	left the doctor, Team Member 9?	22	moved this way maybe to where the front where
23	A Yes.	23	Mr. Voorhies was. (Indicating)
24	Q Okay. And the Team Leader, was he to the left	24	Q So you had a little bit better view into the
25	of No. 9, or where was he?	25	cell?

1	A Just enough to when I looked I mean, because	1	Q Okay. So you and Dr. Bautista walked together back out towards the J-1 area?
2	I just like looked up and I did see the needle	$\frac{2}{2}$	
3	in her hand.	$\begin{vmatrix} 3 \\ 4 \end{vmatrix}$	A Yes.
4	Q What happened next?	4 5	Q All right. How far did you go with her? Did
5	A I don't know what happened. I mean, there wasn't anything that I didn't see her stick	$\begin{vmatrix} 3 \\ 6 \end{vmatrix}$	you take her all the way back to the medical area, or what?
6 7	him or anything, and it was almost like then	7	
8	she just stood up and walked out.	8	A No. Just back to the door that they opened, where Tom had been.
9	Q Okay. Do you know whether she stuck him with a	9	Q Okay. So right back to where you had received
10	needle or not?	10	her?
11	A I did not see her stick him, no, I did not. I	11	A Yes.
12	did see the needle in her hand, but I didn't	12	Q You let her go through that door and you let
13	from where I was standing, I really didn't see	13	her go on her way?
14	an insertion or anything like that.	14	A Yes.
15	Q Whether she did or not, I guess, you don't	15	Q And what did you do at that point?
16	know?	16	A Only thing I did was come back and come into
17	A I don't know.	17	the J-1 area, right there. (Indicating)
18	Q She has testified that she did.	18	Q Back to where you had been waiting?
19	A From where I was standing, I did see a needle	19	A Back to where I was to begin with.
20	in her hand, but I did not see her insert the	20	Q So you didn't go back into the holding cell
21	needle.	21	area to see what was going on with Mr. Broom?
22	Q Okay. Fair enough. What else did she do?	22	A No, I did not.
23	What happened next? You saw her with the	23	Q All right. Did you have any discussions or
24	needle in her hand. What was the next thing	24	conversations with Dr. Bautista as you were
25	that happened?	25	walking to let her go back to her job?
	Page 55		Page 57
1	A Next thing I knew she had stood up and walked	1	A No, I did not.
2	out.	2	Q Did she say anything?
3	Q Okay. What happened? Where did she go?	3	A No, I don't believe she said anything. I don't
4	A We just walked back down that hallway, down	4	recall anything.
5	this hallway here. (Indicating)	5	Q Did she say anything about whether the veins
6	Q Back the same hallway you had come from?	6	were hard or easy, or anything like that?
7	A Yes.	7	A No. I know she didn't say anything like that.
8	Q And did you exit that Death House area at that	8	Q You don't recall any discussions?
9	time and go back to the J-1 area, or what did	9	A No, I don't.
10	you do?	10	Q All right. What happened next? You went back
11	A We walked we walked exited out through	11	to J-1. Did you go sit down again or?
12	the J-Block area, like where you go back toward	12	A I don't know if I sat down or I just stood up,
13	the institution.	13	but I was in that area.
14	Q Okay.	14	Q Okay. And then what happened next?
15	A We go back out that way. We didn't go back out	15	A It was a while that we were back there, I don't
16 17	into the J-1. We went in J-1 where the cells	16	know.
18	are. Q Okay. But did you make that left to go I am	17 18	Q Do you know what was going on with Mr. Broom at that time?
19	just trying to I can't see	19	A No. I didn't go back into that area. I just
20	A I know. It is confusing.	20	stayed in that one area.
21	Q Here is where you guys were. This is the cell.	$\begin{vmatrix} 20 \\ 21 \end{vmatrix}$	Q Other than that let me ask you this
22	You come in this way. Did you go back out that	$\begin{vmatrix} 21\\22 \end{vmatrix}$	question. How long would you say you were out
23	same way? (Indicating)	23	there in front of the holding cell with the
24	A Yes. Yes. And we went this way and out	24	doctor? Was it five minutes? Was it 10
25	through this area here where the cells are.	25	minutes? How long would you say it was that

2	right there at the holding cell with the	2	Q In any event, you didn't hear anything that was
3	inmate?	3	being discussed or
4	A I mean, five minutes. I didn't time it, but it	4	A No. I am not involved in any of that
5	wasn't very long. I do know that.	5	conversation or anything else.
6	Q Okay. Your best estimate is five minutes?	6	Q I know you were not involved. Your testimony
7	A If I had to estimate it, yes.	7	is you didn't hear anything?
8	Q Okay.	8	A I didn't hear anything, no.
9	A Yes.	9	Q Did you have any idea what they were talking
10	Q Other than those five minutes, were you at the	10	about?
11	holding cell or with the inmate at any other	11	A Other than the fact that they couldn't, you
12	time that day?	12	know, get the IV started, I mean, you know.
13	A No.	13	Everybody pretty much knew that, because I had
14	Q And I mean literally any time that day. From	14	the doctor come over.
15	the beginning in the morning when you arrived	15	Q Um-hum. (Affirmative)
16	at work until you left that day?	16	A But other than that.
17	A No.	17	Q Okay. Did anybody ask your opinion about what
18	Q You only spent five minutes in the vicinity of	18	should be done or what ought to be attempted in
19	Mr. Broom; is that correct?	19	view of the problems they were having with the
20	A Yes. Approximately five minute.	20	IVs?
21	Q Yeah, exactly. Those five minutes that we have	21	A No.
22	just been talking about?	22	Q You were asked to call the doctor and the
23	A Yes.	23	Warden made that request; is that correct?
24	Q All right. At some point did you observe the	24	A Yes.
25	Director and the Warden and others in that J-1	25	Q Have you ever discussed that with the Warden,
	Page 59		Page 61
1	area where you were sitting and waiting?	1	why he asked you to do that?
2	A Yes, they did I had seen them come through	$\frac{1}{2}$	A Why he asked me to do that?
3	where I was sitting, yes.	3	Q My question is have you discussed that with him
4	Q At some point after you had let the doctor go,	4	at all since that happened?
5	you know, walked her back and let her leave	5	A I had talked to him after that.
6	at some point after that, did you observe the	6	Q When? How long after?
7	Director and/ors in the J-1 area?	7	A Maybe last week or something like that.
8	A Yes. And they were in there.	8	Q And tell me what your discussion was about.
9	Q What were they doing?	9	A It was just about that it was the, you know,
10	A They were just talking, but I wasn't involved	10	the hard stick, couldn't get the IV started.
11	in any of their conversations. I didn't hear	11	It wasn't anything like any particular thing.
12	any of their conversations. When I came back	12	Q Who said that, the Warden?
13	from taking Dr. Bautista up there, I mean, they	13	A I don't know if he said that, or as we were
14	might have been standing there talking, but I	14	talking.
15	was not involved in the conversations and I	15	Q Was it just the two of you?
16	didn't hear anything.	16	A No.
17	Q I see. Okay. So you were you saw that	17	Q Who else was involved in that discussion?
18	there were people there having conversations,	18	A I mean, another person was in the room. It
19	but you were not participating in it; correct.	19	wasn't anybody it wasn't anybody it was
20	A No.	20	just in my office.
21	Q Did you see if Team Member 9, the phlebotomist,	21	Q Who else was in the room, it was another nurse?
22	was she there as part of that conversation; do	22	A Excuse me?
23	you remember?	23	Q Another nurse?
24	A When I came back from taking Dr. Bautista up	24	A Yes.
25	there, I do not recall her being there, but I	25	Q So another nurse?

	Page 62		Page 64
1	A And they were just sitting there. We were just	1	seen for or what she was going for.
2	generally talking. It wasn't anything that,	2	Q Okay. Did you tell Dr. Morford that you were
3	you know, that I recall all of the	3	actually trying to get her first and she wasn't
4	conversation.	4	there?
5	Q I guess my question was, though, was any part	5	A Yes.
6	of that discussion with you and the Warden	6	Q Did she have any response to that?
7	addressed to the issue of why did you have me	7	A No. Other than the fact that, you know, she
8	call the doctor, that kind of thing?	8	probably said she hadn't done anything like
9	A No. No.	9	that for a long time, you know. And there
10	Q Did you ever ask him why he had you call the	10	really wasn't she hadn't started an IV in a
11	doctor?	11	long time.
12	A No. No, I didn't ask him that.	12	And I said, ''It wasn't about that to
13	Q Have you spoken about this with Dr. Bautista at	13	begin with."
14	all since it happened?	14	Q So do you know if Dr. Bautista had ever started
15	A No.	15	an IV in a long time?
16	Q Since	16	A No, I never talked to her about that.
17		17	Q When the Warden came to make the request to ask
	A When I went back over that evening, she had	18	you to make the call to the doctor to come and
18	already went home.		·
19	Q But since that day, have you spoken with her	19	assist, did you offer to help, say why don't
20	about that?	20	you let me take a look?
21	A No. I just talked to her I think yesterday.	21	A No, I did not.
22	No, it was on the day that she come up here to	22	Q Did anyone ask you to take a look?
23	see Mr. Wille	23	A No.
24	Q Okay.	24	Q Why not? Do you know why not?
25	A that I told her that she had a deposition,	25	A No one asked me to do anything like that.
	Page 63		Page 65
1	that they wanted her to talk to our attorney	1	Q Okay. And you didn't volunteer?
2	about a deposition.	2	A No.
3	Q Okay.	3	Q Any reason why you didn't volunteer to take a
4	A She asked me "What?"	4	look and assist?
5	And I said, "It's about the execution."	5	A Because I am not part of the team and I just
6	And I did not say anything else to her about	6	don't feel like I am part of the team.
7	it.	7	Q Well, Dr. Bautista isn't part of the team
8	Q Okay. Did she ever complain to you about	8	either; right?
9	having you ask her to do this? I mean, why did	9	A No.
10	you do this?	10	Q Correct?
11	A No. I don't really talk to her.	11	A No, she is not.
12	Q Have you spoke to Dr. Morford at all about	12	Q Yet you asked her to come over and help?
13	this?	13	A Right.
14	A No. She was off that day.	14	Q I guess if you were willing to ask her, why
15	Q Have you told her if she had been there she	15	were you not willing to try yourself?
16	would have gotten that call and been asked to	16	A Because I do not partake in that, you know, of
17	do this?	17	starting IVs.
18	A I talked to her yesterday, I think, and said	18	Q Have you trained to start IVs?
19	that because she wanted to know what	19	A Yes, I am trained.
20	Dr. Bautista was doing, because they were both	20	Q Are you more or less trained than Dr. Bautista?
21	there yesterday. And I told her that she had	21	A I don't know what her training is.
22	to do a deposition because she had been asked	22	Q But you're a capable person in terms of
23	to come over to just like basically look to see	23	starting an IV; correct?
24	if there was any veins that was accessible or	24	A Yes.
25	anything, because she asked what she was being	25	Q You would know how to do it?

	Page 66		Page 68
1	A Correct.	1	Q And is there really any question in your mind
2	Q You do it regularly?	2	about that?
3	A It has been a while since I started one, but,	3	A No.
4	yes, I do.	4	Q But it appears that you and the Warden were
5	Q So you would have no problem with that medical	5	willing to ask her to participate; is that
6	procedure?	6	right?
7	A No. If I had to start an IV, I can probably do	7	A I asked her I asked her to look because he
8	it.	8	had asked me to make that phone call.
9	Q So I guess I am wondering, and I guess what I	9	Q And you view that as an order from your boss,
10	am hearing you say, is you did not want to do	10	correct?
11	it because you do not participate in the	11	A Yes.
12	execution process; is that correct?	12	Q And
13	A That's correct. I do not participate in that.	13	A I don't know if you call it an order or not,
14	Q And if asked to do so, would you be willing to	14	but he asked me.
15	do so?	15	Q I know. But when your boss asks you to do
16	A No.	16	something here at this institution, it is not
17	Q So if the Warden made that request to you,	17	your practice to tell him, no, I am not going
18	"Nurse Clagg, we need you to come and take a	18	to do it; is that correct?
19	look," would you have told him, "No, I am not	19	A That's correct.
20	doing that, Warden"?	20	Q So the Warden says "I would like you to do
21	A To come and take a look?	21	this," even though it may not be, say, in the
22	Q The very request that you made of Dr. Bautista.	22	terms of "I am ordering you to do this," you
23	Would you have been willing to do what the	23	view it as a direction that you need to comply
24	Warden was asking you to make or ask	24	with; correct?
25	Dr. Bautista to do?	25	A Yes.
	Page 67		Page 69
1	A To take a look, to see if I thought	1	Q And that's the way you viewed this on the 15th,
2	something I mean, that's part of	2	correct?
3	Q Whatever the Warden was asking you to get	3	A Excuse me?
4	Dr. Bautista for, whatever that was. Would you	4	Q That's the way you viewed the interchange with
5	have been willing to do that yourself?	5	the Warden on the 15th of September when he
6	A I would say no.	6	asked you to call the doctor; correct?
7	Q And why not?	7	A Yes.
8	A Because I am not part of that execution.	8	Q At any time Mr. Broom, I think, arrived at
9	Q Is that a matter of morals or principles or	9	the institution on the 14th of September; is
10	what?	10	that correct?
11	A It is part of my license.	11	A Yes.
12	Q In what way?	12	Q Did you examine him at that time?
13 14	A That we are to preserve life, not to	13 14	A I went over and did his intake exam, yes. Q And what does that entail?
15	participate in taking a life. Q Okay. And you take that license obligation	15	A It basically just the time they arrive, and
16	seriously?	16	if they have any medical problem, if they are
17	A Yes.	17	on any medication, taking their vital signs.
18	Q Do you know whether Dr. Bautista has a similar	18	There is a mental health screening that we ask
19	obligation to her license?	19	questions and that they answer basically "yes"
20	A No, I do not know anything about her license.	20	or "no" to.
21	Q You know she is a physician, correct?	21	Q Okay. And did you do all of that with him that

11	you two?	11	A No. It was just they typed it in the

13	Q One arm at a time?	13	Q They typed it in the computer?
14	A Correct.	14	A I do believe they did, yes.
15	Q Which arm do you remember which arm he did	15	Q And did you ever review what was typed, or not?
16	first?	16	Do you know what was typed?
17	A No. Honestly.	17	A No, I don't. I don't read that or
18	Q But he did one arm at a time?	18	Q Let's take a look at Page 531, if we could,

9	A No.	9	that written there?
10	Q Is there a reason why you didn't do that?	10	A Yes.
11	A No. There is not a reason, no. I can do that.	11	Q What are you referring to? Is that the sheet

15	A Yeah. I mean, I was standing there and I was	15	sheet, when they transfer in.

22	A I think it was like like the one arm felt	21 22	with the medical history of the guy; it is sort of a transfer sheet?
23	like it was better than the other one, or	23	A It is a transfer sheet, that it has for vital
